

## **Resources for Oral Health Education**

Here is a short list of educational materials and web sites you can utilize to supplement your health promotion strategies at the local levels.

- California Department of Health Services, Maternal and Child Health Branch, *Steps to Take Comprehensive Perinatal Services Program Guidelines* include oral health with these handouts (In the summer of 2004, these guidelines will be available at the <http://www.mch.dhs.ca.gov/programs/cpsp>):
  - Oral Health During Pregnancy (English and Spanish)
  - Oral health During Infancy (English and Spanish)
- California Dental Association Journal – February Issue. It includes a CD-Rom with the most recent scientific information on caries development and its prevention. [www.cda.org](http://www.cda.org)
- First 5 California parent kits include parents guide, brochures and video on oral health. [www.ccfc.ca.gov](http://www.ccfc.ca.gov)
